

PRIVACY POLICY

1. This Website does not gather any information automatically except for information contained in the so called cookies.
2. Cookies are IT data, in particular text files, which are stored on the Website User's end device. The purpose of the cookies is to enable and facilitate using the Website. Cookies usually contain the name of the website they come from, the time of their storage, and their unique number.
3. The entity which places cookies on the User's end device and obtains access to them is the Website's Operator.
4. We use cookies to: adjust the content of the pages of this Website to the User's preferences and to optimize the page usage; in particular, the cookies allow to recognize the Website User's device and display pages adjusted to the User's individual preferences; create statistics which help understand the way in which the User uses the pages, which in turn allows improve their structure and content; keep the User's session (after logging in), whereby the User does not have to type his/her user name and password on every page.
5. There are two types of cookies you may encounter when using our Website: session and persistent cookies. Session cookies are temporary files stored on the User's end device only during a User's browsing session and are automatically deleted from the User's end device when the User logs out, leaves the Website or closes the browser. Persistent cookies are stored on the User's end device for the time period set out in the cookie parameters or until they are removed by the User.
6. This Website uses the following types of cookies: strictly necessary cookies enabling the User to move around the Website and use its features, e.g. authorisation cookies used for services which require authorisation within the Website; cookies used for safety purposes, e.g. used to detect abuses of authorisation on the Website; performance cookies allowing to collect information about how the User uses our Website; functionality cookies allowing to remember settings selected by the User and to personalise the User's interface, e.g. in terms of the selected language or region from which the User comes, font size, look of the website, etc.; advertising cookies allowing to deliver advertisements based on the User's interests.
7. Most software used to locate, retrieve and display content on the World Wide Web (Internet browser) accepts cookies by default. Website's Users can change their cookies settings at any time. These settings may be changed so that the automatic use of cookies is blocked or the User is notified of each individual case in which they are downloaded on the User's device. Detailed information on options and ways of managing cookies is available in the Internet browser software settings.
8. The Website's Operator informs that any restrictions on application of the cookies can affect some functionalities available on the Website.

9. Cookies stored on the Website User's end device may also be used by advertisers and partners cooperating with the Website's Operator.

10. For more information on cookies click "Help" on your browser's menu.
